

HEALING HARMONICS

UBUD 30/31 MARCH

intensive voice workshop with Igor Olivier Ezendam

- * Overtone singing * Vocal relaxation and natural expression
- * Intuitive Sound diagnosis * Songmagic and heartsong
- * Soundmassage with overtones and didgeridoo

'Harmonics' or 'Overtone singing' is a traditional singing style from Tuva, Mongolia, where the voice creates two notes at the same time: high whistle-like melodies appears miraculously above the fundamental note of the singer.

Igor Olivier Ezendam, Dutch singer, voice coach and multi-instrumentalist, capable of producing 11 clear overtones in his voice, teaches the techniques that best develop these harmonics.

A workshop to liberate, feel and love your voice, freeing your vital energy. Opening up to the new, with greater sensitivity, courage and awareness, your voice will expand!
